

4-Digit Course Numbering

In Fall 2015*, all Saint Louis University course numbers transitioned to four digit numbering. Some departments simply added a zero to the end of previous numbers and some departments have changed the numbering system significantly.

Below are historical listings of the course numbering changes. Courses number changes after Fall 2015 are not reflected in the below listings.

*The Department of English (ENGL subject) transitioned to four digit numbering in the Fall 2014.
